

Amendment to the Drawings

On page 2 of the office action, the examiner objected to the drawings because figures 3 and 6 are not legible. The examiner states that there are no visible protein bands in the figures.

In response, applicants have clarified figures 3 and 6. The protein bands in the figures are now visible. Applicants submit herewith fourteen (14) corrected, black and white formal drawings, which are labeled in the top margin as "Replacement sheet," pursuant to 37 C.F.R. § 1.121(d). No new matter has been introduced as a result of these amendments.
